Ramka coat rack is a flexible choice for clothing storage.

The black metal frame of the rack adds structure to any space. The airy design keeps the overall look light. The upper shelf is oak veneer and brings freshness to the enseble.

The coat rack is equipped with an integrated umbrella stand that can be easily transformed for other uses as well, such as a recycle bin.

MATERIALS

Painted MDF, veneer, melamine, powder coated metal.

Standard materials come in three price groups: Ecoline, Colorline and Designline

CUSTOMIZATION

Ramka cabinets come in two standard sizes. Measuremets are adjustable according to project. Also materials, veneers and colors can be altered to best suit each project.

Ramka-series is designed by interior architect Sabina Dontcheff.
